Site Description Summary

The former Chemform, Inc. Site has been redeveloped into a building materials operation.

Coast to Coast stores and ships wholesale building materials. Brian Keith, operations manager, informed EPA that they have owned and operated at the site for the last two years, when they bought the property from Construction Contractors of America.

The property includes a large warehouse and attached office space. Coast to Coast also stores material in the open-air lot behind the warehouse. The site appears to be in good use. See photos.
